UNITED STATES OF AMERICA	)	Case No. 1:10-cr-158
v.	)	
MICHAEL TODD SIMS	)	COLLIER / LEE
	)	
REPORT AND RECOMMENDATION		
Upon Defendant's motion, the Court ordered a mental evaluation of Defendant [Doc. 90].		
After completion of the mental evaluation, a forensic report regarding the evaluation was received		
by the Court. The findings, which are set forth in more detail in the sealed forensic report, are that		
Defendant is not currently suffering from a mental disease or defect rendering him mentally		
incompetent to the extent he is unable to understa	and the natu	are and consequences of the proceedings
filed against him or to properly assist in his def	ense, and	that he is competent to stand trial. The
findings regarding sanity are that Defendant was sane at the time of the alleged offense, and he did		
not suffer from a mental illness that interfered with his ability to appreciate the nature and quality		
or wrongfulness of his actions. Defendant has file	ed a waiver	of any competency hearing [Doc. 167].
Given the waiver and the findings contained in the	e forensic r	eport, I <b>RECOMMEND</b> that Defendant
be found competent to understand the nature and consequences of the proceedings against him, able		
to assist in his defense, and competent to stand	trial.1
